Our Interactive Weidmüller Distributor Training Program

Intermediate Training

Join us in Richmond, Virginia for a 2-day interactive training experience that will give you a deeper understanding of Weidmüller's products, automation technology and solutions.

What to expect:

- Dive deep into the Weidmüller Configurator (WMC)
- Learn how to sell Weidmüller products and solutions
- Simulate "real world" problem solving
- An interactive and hands-on training course
- Learn about all of our service tools:
WMC, Product Wizards, Resource Center,
Product Catalogs, ConnectorGuide, and more!

You will learn:

- Weidmüller Configurator (WMC)
- Power Supplies
- Surge Protection
- Analog Signal Conditioners
- Relays
- Migration Solutions
- I/O systems — u-remote / u-control / u-OS
- Terminal blocks and much more!
