

Smart Industrial Connectivity: Electrification, automation, digitalization, electrical connection technology, electromobility, and renewable energies are the markets where Weidmüller excels.

As experienced specialists, we offer customers and partners worldwide products, solutions and services in the industrial environment of energy, signals and data. We are shaping the technological challenges of tomorrow and are constantly developing innovative, sustainable and useful solutions for the individual needs of our customers. Together, we set the standards in the field of industrial connectivity.

Your Role as Senior SAB ABAP/ Fiori/ Adobe Forms Developer (m/f/d)

As an Application Developer (Microsoft Power Platform), you focus on implementing solutions based on defined requirements and architecture guidelines. You translate technical concepts into working applications, ensure high-quality implementation, and contribute to usability and technical improvements within clearly defined boundaries.

Key Responsibilities

- Design, develop, and optimize applications in the SAP environment with a focus on the SAP Clean Core approach.
- Analyze, design, and implement modern SAP Fiori applications based on SAPUI5 and OData services.
- Develop and enhance CDS Views, OData services, and backend components.
- Perform error analysis, performance optimization, and quality assurance activities.
- Develop and enhance programs and reports using SAP ABAP and ABAP Objects.
- Maintain and optimize SAP Adobe Forms.

Your Profile

Professional Qualifications

- Successfully completed a degree in (Business) Information Technology, a comparable qualification, or equivalent professional experience.
- Several years (5+ years) of professional experience in SAP development.
- Strong expertise in:

- SAP ABAP and ABAP Objects
 - BADIs, User Exits, and the SAP Enhancement Framework
 - CDS Views and OData Services (Web Services)
 - SAP Fiori and SAPUI5
- Good knowledge of:
 - SAP Adobe Forms

Preferred Additional Qualifications

- Experience working in an SAP S/4HANA environment.
- Knowledge of the RESTful ABAP Programming Model (RAP).
- Experience with Git, CI/CD, and modern development tools, such as:
 - ABAP Development Tools (ADT) in Eclipse
 - Visual Studio Code (VS Code)
- Experience in developing extensions according to the SAP Clean Core principle.

What we offer

- Professional development: you will be part of an international team committed to support you to learn new skills and shape a career path that fits you, with access to various learning platforms;
- Onboarding & Integration: we ensure a smooth and efficient integration through a structured onboarding program, complemented by the ongoing support of a collaborative team;
- We prioritize your well-being: therefore we're granting access to high-quality healthcare services through our comprehensive private medical insurance;
- Meal tickets: we support your everyday routine with meal tickets to make your workdays a little easier and more enjoyable;
- Gifts for Special Occasions: Easter Holidays, Winter Holidays, 8th of March for our ladies colleagues;
- Flexibility: we support a healthy work-life balance by offering flexible arrangements tailored to your role and responsibilities;

- Bonuses: performance bonuses as a reward of your achievements and referral bonuses as a thank you for helping our team growth.
