| ☐ Short-term Recall by supplier | ☐ Force majeure |
| ☐ Product improvement | ☐ other |

2. General information

As part of the continuous maintenance and optimization of our product portfolio, we have decided to discontinue the PWM-V2 variants of the u-remote product family.

The affected products can be replaced by articles with 100% identical functionality. Users will not experience any limitations regarding the specified functions or performance characteristics. The successor products are already available.

This consolidation reduces the number of variants in our portfolio while improving the long-term availability and maintainability of the product family.
