

Technical change to FieldPower® Power distribution box

Dear Madam or Sir,

The below listed articles will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications are performed for reasons of product improvements.

1. Initial situation

The moulding tool for our FieldPower 5P enclosure base has reached the end of its life cycle and will therefore be replaced.

2. Technical change

- The inner and outer shape of the enclosure base have been optimised. In the future, PCBs can thus be accommodated into the enclosure base in a simplified way.
- The colour scheme of the enclosure base has changed slightly. Visible glass fibre content is reduced.

Old version

New version

3. Reason for change

Product improvement

4. Availability

The changeover will take place successively, after the previous material variants have been sold off.

5. Affected parts

1957580000	FP Box
1440920000	FP BOX DC
1961780000	FP Box FUSE
8000007924	FP BOX FUSE DC
1180300000	FP Box MPB

6. Data

PCN-number: PCN-PB40-20190604-00-A
Date of publishing: 2019, June 04
Duration of validity: Until further notice
Revision number: 00-A

We are very sorry for any inconveniences caused and are doing everything possible to implement this product change as smoothly as possible, without any big influences on delivery times and general functions.
