

SNAP IN 
Invented by Weidmüller.

**Quick & Easy
Installation**

Heavy Duty Connectors

Simple to Order Kit – Fast to Wire

Weidmüller's SNAP IN technology saves time and money

Our RockStar® heavy duty connector inserts with SNAP IN technology provide an easy, safe and vibration-proof connection.

Kits include the following components:

Female
SNAP IN insert

Male
SNAP IN insert

Hood

Bulkhead

Cable
glands

Features & benefits

- Easily wire multiple connections
- Durable IP65 aluminum housing
- Quick-release system resets the contact point for easy wire removal

Approvals

Simple

Material-saving wiring without tools and time-consuming crimping of wire-end ferrules

Fast

Preloaded spring allows the connection to be as quick as a snap of the fingers

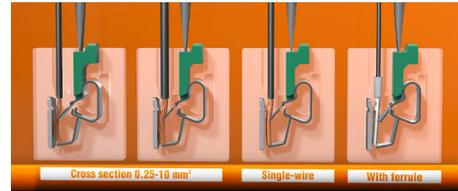

Safe

- Vibration resistant (200 Hz)
- Security you can hear – an audible “click” signals a secure connection

HDC SNAP IN Kits

Secure. Efficient. Reliable.

SNAP IN – the fastest connections just “click”

Stripped wires can be easily and safely inserted into the clamping point without further preparation.

The raised pusher shows a secure connection is achieved when the conductor touches the contact point with an audible “click”.

Our SNAP IN connection technology is compatible with solid or stranded wires, with or without ferrules.
