

Capacity expansion of LSF-SMT stamping tools

Dear Madam or Sir,

product adaptations serve the purpose of continuous product and/or process improvement. The listed products are delivered in a modified version. Please pass this product information on to your employees and, if needed, to your customers.

1. General Overview

Type of notification: ☒ PCN ☐ PDN ☒ Short-term action

Short-term action due to:

- | | |
|--|---|
| <input type="checkbox"/> Software / Firmware Bugfix | <input type="checkbox"/> Short term delivery stop by supplier |
| <input type="checkbox"/> Short term recall by supplier | <input type="checkbox"/> Force majeure |
| <input type="checkbox"/> Product improvement with customer benefit | <input checked="" type="checkbox"/> other |
-

2. Technical changes

The LSF-SMT solder pins with 3.5 mm solder pin length in tube packaging are changed from fully tinned to pre-tinned solder pins with edge embossing.

3. Availability

This letter is to inform you that the change will be implemented in production from the second quarter of 2023. There will be no stock adjustment. Therefore, within a delivery from this date, mixing of the variants may occur, but not in one packaging unit.

4. Affected parts

A list of the affected articles can be found in the attachment.

5. Data

The technical data remains unchanged. The solderability requirements continue to comply with the IPC standard. Detailed information on the technical data can be found for the individual products in the online catalog.

We are very sorry for all the inconveniences caused and doing everything to adjust this product change as smooth as possible without big influence on delivery times and general functions.

For further questions please contact your sales office directly. All contacts for sales representatives are available here:
<http://www.weidmueller.com/contact>

Weidmüller will see this notification as accepted unless a separate procedure is requested in writing within 30 days of the issue date.

Best regards

Product Management
