

Product Discontinuation for passive M8 hedgehog distribution boxes

Dear Sir or Madam,

the products listed below are intended to be discontinued and will no longer be available after a transitional period. Please pass on this product information to your employees and possibly to your customers. This product discontinuation is the result of our ongoing commitment to continuously improve our products for you.

1. Initial situation

Within the redesign for the passive M8 distribution boxes the hedgehog versions will be discontinued.

The hood versions are replaced by newly designed M8 hood distribution boxes. Due to the design, these offer a higher number of I/O sockets in a smaller design.

The variants with a cable connected will be replaced by the M8 line distribution boxes.

2. Schedule

The M8 Line distribution boxes are already available.

The M8 hood distribution boxes will be available in Q3.
