To whom it may concern,

AC SMART is a platform-based charger family consisting of three variants (ECO, VALUE, ADVANCED), with the ADVANCED utilising the highest possible configuration of them, whereas the ECO is representing the lowest configuration of the same main functionalities.

We hereby confirm that the test certificates of the tests according to the standards stated in the CE declaration are valid for all variants of the AC SMART family, even though the test were conducted explicitly on the AC SMART ADVANCED.

The CE declarations for all variants can be found in the Weidmueller online catalogue.

Best regards

Weidmüller Interface GmbH & Co. KG
