

Technical change to HDC HE SNAPIN contact inserts

Dear Madam or Sir,

the below listed articles will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications are performed for reasons of product improvements.

1. Initial situation

The possible wire sizes are 1,00mm² up to 2,5mm²

2. Technical change

The connection cross-section is now 0.34mm² (with ferules) to 2.5mm², recognizable by the larger cable entry funnel cable entry funnel and the modified shape of the actuating element.

3. Reason for change

Extension of the conductor connection cross-section range.

4. Availability

- The changeover is made on the same part number.
- There is a smooth transition
- The change takes place until end of 2024
