

Technical change to FTA-C300

Dear Madam or Sir,

The products listed below are subject to a product change and will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications mentioned have been made to support our ongoing commitment to continual improvement and ongoing product development.

1. Initial situation

Articles on Section 5 were delivered in the past with LP and LP2N connectors. Furthermore, they were delivered with Dekafix*

*Dekafix is the universal marker for terminals, plug-in connectors and electronic modules from the Weidmüller product range (see detail).

DEKAFIX detail

Tampoprint detail

1221550000 (w/ LP and LP2N)

1221570000 (w/ LP and LP3R)

2. Technical change

Based on continuous improvement the LP, LP2N and LP3R connectors will be respectively replaced by LL, LL2N and LL3R connectors with Tampoprint.

3. Reason for change

Obsolescence of LP, LP2N and LP3R connector range.

4. Availability

Current products in stock still have old connectors. Since today new productions will be with new modifications detailed above. This will be reflected on its KKZ or compatibility indicator which will be increased. As time goes on, products with old compatibility codes will decrease until end of stock following a FIFO process. FIFO stands for *First in – First out* in our stock locations
