UV-resistant labels and cable markers

Light up your photovoltaic system with our summer offer

UV radiation causes severe stress and ageing of plastics in outdoor applications. Our new THM-PV labels defy these influences and prove to be extremely resistant in outdoor use.

Use our special offer

With every order of the PV Promotion Set (Ordering data 8000091539) you will receive our THM MultiMark printer for 1€*.

More information on our Website:
www.weidmueller.com/multimark

*This action is limited to 5 printers per customer and valid until 31st August 2024.

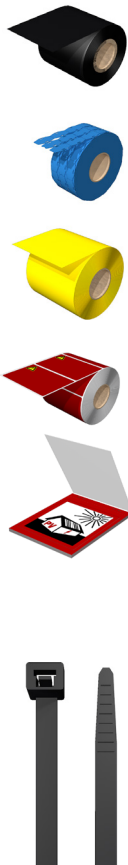

Special features:

- Weather resistance tested according to ISO DIN EN ISO 4892-2:2013 table 3, method A, cycle 1 at 5000 hours
- Individually labeled with the M-Print® PRO
- Easy and fast printing with the THM MultiMark printer
