Weidmüller company presentation

18:00

Introductions:
Getting to know
all participants

Snacks & Drinks

Tuesday

Introduction: Daily schedule, islands & group assignments

Workshops

In **cabinet building**, our approach to optimization along the process chain offers benefits of up to 20%. Our new SNAP IN connection technology increases this even further.

For **automation**, the use of our industrial IOT and automation solutions is a real enabler from data to value.

In **machinery** planning tools for field wiring are introduced.

Alternative for DC customers: **Device manufacturers** added value in design-in process

Weidmüller Academy & DC Microgrids: Guided Tour

Evening event

Wednesday

Departure

Shuttle to Hannover / Düsseldorf

Self-organized from
Hannover / Düsseldorf
