

Change of packaging to LL 6.35

Dear Madam or Sir,

The below listed articles will be supplied in a modified packaging. Please pass this product information on to your employees and, if needed, to your customers. All modifications are performed for reasons of product improvements.

1. Initial situation

Due to key advantages and positive experience with other product series, LL 6.35 will also be changed to sorted packaging.

2. Technical change

The new type of packaging contains tray inlays, which in turn are inserted in Weidmüller printed cardboards.

Pic.1: existing packaging

Pic.2: new packaging with tray

3. Reason for change

Benefits of sorted packaging:

- Avoidance of damage during transportation and ensure a high-quality lever
- Premium packaging without any price increase
- Standardized packaging size and thereby easier handling

4. Availability

- The change will be done stepwise: Step 1 will be started during May 2021, step 2 will be started in October 2021 (see below list)
- Order-No. and price per 100pcs won't be changed
- There will be partially repackaging initiatives for the existing inventory in our logistic centers, which might lead to some adjustments of existing orders. Customers will be informed in such cases
- Rest of the previously packaged items will continue to be delivered until inventory is exhausted
- For all new orders without inventory from October will be delivered with new packaging

5. Affected parts

LL 6.35
