2. Technical changes

The thread of the clamping yoke is made in 2 sheet metal layers in the old version. In the new version of the clamping yoke, the thread is made from one piece of sheet metal by using a pull-through.

3. Availability

This letter is to inform you that the change will be implemented in production no earlier than the first quarter of 2024. There is no stock adjustment. Therefore, within a delivery from this date, mixing of variants may occur, but not in one packaging unit.

4. Affected parts

A list of the affected articles can be found in the attachment.

5. Data

All other technical data and functional features remain unchanged by this measure.
The change has no influence on form, fit and function.
Detailed information on the technical data can be found for the individual products in the online catalog.

We are very sorry for all the inconveniences caused and doing everything to adjust this product change as smooth as possible without big influence on delivery times and general functions.

For further questions please contact your sales office directly. All contacts for sales representatives are available here:
