

## Tools & Marking

# Weidmüller Workplace Solutions Road Tour

You are invited to a Weidmüller hands-on demonstration event!

- Live semi-automated equipment demonstrations
- Hands-on instruction of wire processing utilizing manual hand tools
- Full display of manual hand tools for the electrical panel builder
- Showcasing wide range of terminal and wire markers
- Detailed instructions on streamlining wire preparation processes — improve quality, reduce errors and maximize throughput
- On-site specialist to handle processing applications
- Showcasing the latest custom printing equipment technology

### Benefits
