

Technical change to HDC RockStar ModuPlug SnapIn Module

Dear Madam or Sir,

the below listed articles will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications are performed for reasons of product improvements.

1. Initial situation

The new, innovative and field attachable ModuPlug modules are equipped with the new SNAP IN connection technology.

2. Technical change

From now on these modules will be delivered with the proven PUSH IN connection technology.

3. Reason for change

Due to a change in internal processes, we had to create new article numbers for the new field attachable modules with SNAP IN connection. Therefore we can offer these modules additionally with PUSH IN connection under the previously known article number.

4. Availability

The modules with PUSH IN connection are expected to be ready for delivery from the end of March. We will inform separately about the availability of the modules with SNAP IN connection.
