

Technical change to Dekafix 8 standard print

Dear Madam or Sir,

the products listed below are subject to a product change and will be supplied in a modified revision. Please pass this product information on to your employees and, if needed, to your customers. All modifications mentioned have been made to support our ongoing commitment to continual improvement and ongoing product development.

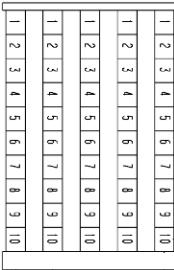

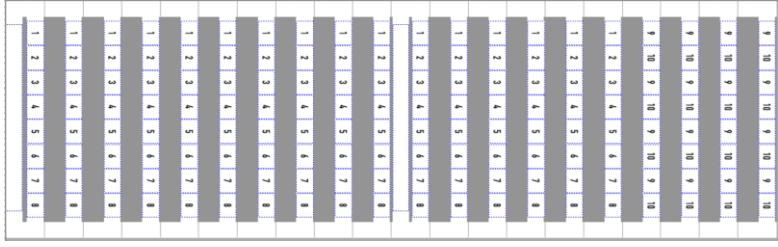

1. Initial situation

- All Dekafix marker with a pitch of 8mm and a height of 5mm that are printed with a standard print will get a new delivery form.

2. Technical change

Switch from the old card format to MultiCard:

- The old card format consisted of 5 strips with 10 markers each. One packaging unit contained 10 cards each.
- The MultiCard format for the DEK 8/5 Plus variants consists of 20 strips with 8 markers each. One packaging unit contains 5 MultiCard each.
- This changes the order of the imprint (see the example of the sketch) and the quantity of a packaging unit from the current 500 pieces to 800 pieces

Old version	New version
	

Bsp.: 1276960001, DEK 8 FWZ 1-10 2747960000, DEK 5/8 PLUS FWZ 1-10

3. Reason for change

- The old form of cards could no longer be produced in the required quality without additional costs. In order to keep the price level, we have switched to the modern MultiCard format.

4. Availability

- The amount of the old card form extends until around August 2020.
- All variants are gradually being converted to the MultiCard format.

5. Affected parts

- On the following page you will find all old and new article numbers, as well as a representation of the layout of the printing

6. Data

Possible Content:

- PCN-number: PCN-PKD800-20200602-00-A
- date of publishing: 02. June 2020
- duration of validity: unlimited
- revision number: none

We hope that the changes will benefit your business and will not affect you in any significant way and apologise in case of any inconvenience caused. Please rest assured that we will do everything possible to achieve this product change as smoothly as possible with minimum or no business disruption.

For further questions or if you need any additional assistance or information, please contact your local sales office directly. All contacts for sales representatives are available here: <http://www.weidmueller.com/contact>

Details of this and any other product changes can also be found on our web page by following the link shown below
