

Product Discontinuation of the Kelvin classes 5000K and 5700K of the standard Weidmüller Industry Light

Dear Sir or Madam,
the products listed below are intended to be discontinued and will no longer be available after a transitional period. Please pass on this product information to your employees and possibly to your customers. This product discontinuation is the result of our ongoing commitment to continuously improve our products for you.

1. Initial situation

Due to requirements from the market, we are adapting the existing portfolio of the Weidmüller Industry Light standard series. The luminaires in Kelvin classes 5000 and 5700 are being discontinued. Kelvin classes 4000 and 6500 are the optimum alternatives due to the similar light colour and identical dimensions. The length variants remain as known.

2. Schedule

The affected items can be ordered while stocks last or until the end of June. The alternative items are already available.

3. List of affected articles / alternative articles

Discontinued articles – Kelvin class 5000		Alternative articles- Kelvin class 4000
