

## Technical change to Klippon K® enclosure series

Dear Madam or Sir,

the products of Klippon® K aluminum enclosure series will be changed after a transitional period.  
Please pass on this Product Change Notification (PCN) to your employees and, if applicable, to your customers.

### 1. General overview

Type of change: ☐ short-term (executed within the next 6 months)  
☒ normal (executed after 6 months)

### 2. General information

The alloy material of the Klippon® K aluminum enclosures has been EN AC-Al Si12 (Cu).  
This alloy contains 0,2% lead.  
The alloy material will be changed to EN AC-Al Si12 (Fe), which is lead free.  
This helps to protect our environment and gives us the security of being ROHS-compliant in the future.

### 3. Change details

This alloy change has no impact on fit, form or function!

Klippon® K enclosures with EN AC-Al Si12(Fe) can be recognized by a “+” on the lid and the body

The marking “AlSi” will of course be retained.

## 4. Affected parts
